

BELLA SOPHIA

Sometimes a large yacht is just too cumbersome.

Sometimes a more intimate setting is what you yearn for. You want a vessel spacious enough for friends and family, yet not too big to be able to explore hidden coves and secluded beaches.

Bella Sophia is the yacht you are looking for. She features the space of a much larger yacht, but has a shallow enough draft that you can enjoy the waters of the Bahamas and the beauty of sheltered anchorages.

Bella Sophia, when you want a yacht that fits you "just right".

Specifications:
